# CYAA 2023/2024 Summer Series

Posted 12<sup>h</sup> Oct 2023

## Here we go

**CYAA Sayonara Summer Series race two is set to proceed as scheduled**

**Sunday 15<sup>th</sup> Oct 10:25 Div three start**

**The Race 2 fleet is all set**

**[Here's the link](#)** to check out the Summer Series race two fleet and the current series point status.

**New entry for Race two.**

Race two will see the Tumblaren Zephyr with us.

**Can we be so lucky**

The BoM says 15-20 knots westerly while the Met Eye for St. Kilda says 10 knots westerly Either ways it still a go for Sunday.

**Marathon mess at St. Kilda.**

I'm sure our RMYS based starters have access to the club house and marina figured out by now when these access shut down events happen. Even so Melbourne's traffic is bad enough during the week without more mess on a Sunday.

**Sound music for sound people**

With a forecast for Sunday we'll use the radio for sound signal transmission.

**Course for Sunday**

With a predicted westerly for Sunday and as we use divisions to avoid start line problems (never works) we may use RMYS Mark D as the first rounding mark.

**Cup Regatta news.**

Clack **[HERE](#)** to check out the latest Cup Regatta news sent out by Mark Chew this morning

The Margaret Pearl event viewing platform with mine host Jim Woods is place to be on both Saturday and Sunday.

Last chance water entries are still welcome. The word here is our Tumblaren fleet will be augmented by an all Kiwi crew on the **Yvonne**.

That's all till we go for the Race two start line Sunday Oct 15.

All the best to our Summer Series fleet.

Regards to all

Peter Costolloe CYAA(Vic) Handicapper
